

Tips and Tricks for a Successful Rental Registration Packet

To help make the Rental Registration process as smooth and efficient as possible for both property owners and the Borough, please review the following tips before submitting your registration packet.

Please also refer to the **Frequently Asked Questions (FAQ)** for additional information and guidance.

All required forms are available on the **East Stroudsburg Borough website** at www.eaststroudsburgboro.org.

1. Complete the Fillable PDF Electronically

The Rental Registration Form is a **fillable PDF**, and we strongly prefer that the form be **typed rather than handwritten**. Typed forms help prevent delays or errors caused by information that may be difficult to read.

2. Submit Your Packet by Email

We prefer that completed registration packets be submitted electronically to:

rental@eaststroudsburgboro.org

Submitting your documents electronically also provides you with a copy of your completed paperwork that may be helpful when completing future Rental Registration packets.

3. Do Not Leave Any Fields Blank

The Rental Registration Form must be **completed in its entirety**.

Please do not leave any requested information blank. If a particular item does not apply, enter **"N/A."**

For example, if a tenant does not have an email address, enter **"N/A"** rather than leaving the field blank.

4. Employment Status

If an occupant is not currently employed, please indicate their status on the employer line, such as:

- Retired
- Unemployed
- Disabled
- Student, if applicable

5. Employer Information

The employer line should contain the **name of the business or organization where the occupant works**, not the type of work they perform.

For example:

Correct: St. Luke's University Health Network

Incorrect: Nurse

6. Property Manager Information

If the property owner does **not reside within 20 miles of the rental property**, all requested information for a qualified local Property Manager/Representative must be provided on the registration form.

Please make sure the Property Manager's **name, address, telephone number, and email address** are provided.

7. Same Occupant Affidavit and Rental Addendum

If the same occupants remain in the unit, you must submit the **Same Occupant Affidavit along with a copy of the Rental Addendum previously signed with those occupants**.

If you do not have a previously signed Rental Addendum to provide, a new Rental Addendum must be completed and signed.

When completing the Rental Addendum:

- On the **first line**, enter the date the Rental Addendum was signed.
- On the **second line**, enter the date when the original Lease was signed.
- Indicate whether the property has received any **Disruptive Conduct Warnings**, if applicable.

8. Make Sure All Documents Are Signed

Before submitting your packet, carefully review each document to ensure that all required signatures have been provided.

Your completed packet should include properly signed copies of the:

- **Rental Registration Form**
- **Same Occupant Affidavit**, when applicable
- **Rental Addendum**

Missing signatures may result in the packet being returned as incomplete.

9. Vacant Units

If the rental unit is currently vacant, please complete and submit an **Affidavit of Vacancy**.

If the unit is vacant but is **being advertised or otherwise remains available for rent**, the annual Rental License fee is still required.

The Rental License fee would not be required for a unit that is undergoing **extensive rehabilitation and is not expected to be available for rent or leased during the 2027 calendar year**.

Before You Submit

Please take a few minutes to review your entire packet before submitting it. Confirm that:

- All requested information has been provided.
- No required fields have been left blank.
- Tenant employment information is complete.
- Property Manager information is provided, if required.
- The Same Occupant Affidavit is included, if applicable.
- The Rental Addendum is included.
- All required documents have been signed.
- An Affidavit of Vacancy is included for any vacant unit.
- The required Rental License fee has been paid.

Complete packets help us process your Rental Registration and issue your Rental License more efficiently. Incomplete packets will require additional follow-up and may delay the issuance of your Rental License.

If you have any questions or concerns, please contact the rental office.
